pub_opt.evalCode = true;
pub_opt.catchError = true;
pub_opt.createThumbnail = true;
pub_opt.maxOutputLines = Inf;
```

Run Problem scripts and publish them

```
% Problem 1: S&J, Problem 3.11
publish('HW2_P1', pub_opt);

% Problem 4: S&J, Problem 3.12
publish('HW2_P4', pub_opt);

% Problem 5: S&J, Problem 3.13
publish('HW2_P5', pub_opt);

% Problem 6: S&J, Problem 3.14
publish('HW2_P6', pub_opt);
```

Publishing tools and support code

```
pub_opt.outputDir = './tools';
pub_opt.evalCode = false;

%Publish all used functions
function_list = ...
    [function_list; 'C:\Users\John\Documents\ASEN5010\tools\fcnPrintQueue'];
for idx = 1:length(function_list)
    publish(function_list{idx}, pub_opt);
end
```
